The physical environment of our classrooms, labs, and library is a joint effort of the faculty, staff, and students and all are responsible for maintaining its safety, comfort, and functionality. Supervisory personnel and students alike will routinely practice everyday manners and common courtesies.

- All students are expected to treat these facilities, the equipment and furnishings with respect and in accordance with established school policies.
- Accessing any files, documents, applications, etc. other than your own, without permission from the staff, may result in expulsion from the lab and could result in withdrawal from the class with a grade of ‘F’.
- No programs, applications, files, etc. may be loaded onto the file servers of fixed disks.
- No games are allowed, other than those designed for instructional learning and approved by staff.
- When a staff member announces that the lab is closing, students must immediately save their work and quit their program.

CONSENT FOR THE CALIFORNIA HEALTHY KIDS SURVEY Fall 2011

Dear Parent/Guardian,

The Pleasanton Unified School District would like your student to participate in the Healthy Kids Survey, sponsored by the California Department of Education. This very important survey, required by law, will help promote better health among our community's youth and combat problems such as drug abuse and violence. The survey has been approved by the Department of Alcohol and Drug Programs, Office of the Attorney General, the Department of Health Services, and our local Board of Education. The District plans to administer the survey during mid October.

Your written permission on this form is required for your student to participate in the survey.

SURVEY CONTENT The survey will gather information on health-risk behaviors such as physical activity and nutritional habits; alcohol, tobacco, and other drug use; violence; sexual behavior/pregnancy; and school safety. The survey's results, along with the data from the surveys administered in prior years, will help our district to evaluate current programs and plan for the future. There are no questions about family values. You may examine the entire questionnaire in the school office or on the internet. It will take no more than one class period for students to complete the survey.

STUDENT SELECTION All Pleasanton Unified School District students in grades 5, 7, 9, and 11 are asked to participate in the survey.

IT IS VOLUNTARY Your student does not have to take the survey. There will be no actions or penalties against you or your child for not participating. Students only have to answer the questions they want to answer and they may stop taking it at any time. Before the survey begins, the survey's purpose, content, and procedures will be explained. Your student will be able to ask questions and decline to participate. Students who do not take the survey will be assigned an alternate class activity.

IT IS ANONYMOUS & CONFIDENTIAL Your student's privacy is protected. No names will be recorded or attached to the survey. Your student cannot be identified or connected by his/her answers. Survey administrators sign pledges of confidentiality.

WHERE TO TURN FOR FURTHER INFORMATION If you have questions about this survey, or about your rights, you may call the Healthy Kids Survey Center at no charge at (888) 841-7536. Questions may also be directed to the District's Special Projects Office at 426-4326. The survey is posted at the district web site at www.pleasanton.k12.ca.us.
